

IDLER V-PULLEY

Idler V-Pulleys are available to suit the Cresa, Ciao, Ten Joy, Arco, Asso and Mix tensioners. The Pulleys come in SPA, SPB and SPZ section. They range from single, double and triple groove. They are suited to a situation where the belts have to be tensioned on the inside of the belt. The V-Pulleys are cast iron and are fitted with greased bearings. The Pulleys can be used in temperatures up to +100°C
